

BOWLING MACHINE

BOLA PROFESSIONAL BOWLING MACHINE

THE BEST MACHINE AVAILABLE

HOCKEY CONVERSION KIT
ALSO AVAILABLE CONTROL PANEL

Fully enclosed Cricket Bowling machine. Concave profile moulded urethane ball delivery wheels. Microprocessor based digital speed control with membrane switch panel. Adjustable speeds in 1mph increments from 15-95mph: Spin, swing and pace bowling. Digital LCD ball speed indicator. 19 spin and swing settings. Ball joint adjustment complimented by vernier (screw adjusters) for precision line and length. Electronic braking for fast mode change. Operation from 230v (optional 110v) mains via **BOLA Power Pack** or 12 volt leisure battery.

BOLA POWER PACK (Mains Option) A 230v (or 110v optional) high amperage transformer giving a smooth DC supply for **BOLA** Bowling Machines. This enables the **BOLA** to be used from a mains outlet. Circuitry also includes a built in battery charger for overnight charging of batteries.

EFFECTIVE COACHING FOR BETTER BATTING
In the hands of a coach, the **BOLA** is the most effective of tools for batting practise and improvement. By watching a player playing against the same ball time and again, the coach has the opportunity to fine tune technique and eliminate flaws and weaknesses.

The **BOLA** has now been purchased and is currently in use at every English first class County, at the MCC Indoor School at Lords and at the B.I.L. New Zealand Cricket High Performance Academy.

The new **BOLA** incorporates more exciting developments than ever before.

- NEW MEMBRANE SWITCH PANEL DESIGN
- NEW WHEEL PROFILE FOR IMPROVED ACCURACY
- IMPROVED MICROPROCESSOR PROGRAMME FOR FINER ADJUSTMENT
- NEW REMOTE CONTROL AUTOMATIC 28 BALL FEEDER ARM
- NEW BALL RELEASE MECHANISM FOR FEEDER ARM

NOW HAS RANDOM DELIVERY FUNCTION
NEW CONTROL PANEL CIRCUITRY

BALL FEEDER REMOTE

PRICE ON APPLICATION

BOLA 28 BALL AUTOMATIC FEEDER

POWER PACK (Mains Option)

BOLA 28 BALL AUTOMATIC FEEDER

An automatic ball feeder to fit all **BOLA** Bowling Machines. Fitted in less than two minutes. Feeds a ball into the machine every 7 to 11 seconds (as selected). Optional remote control on/off switch allows interruption of the sequence when required. Warning lights indicate release of ball. The ball feeder offers a unique solo batting practice facility or the option to coach from any position.

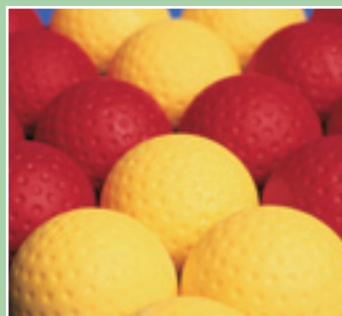

SAFETY IN USE

All moving parts are enclosed for operator safety. It is recommended that helmets and protective equipment are worn by batsmen and machine operators. Machines are not under any circumstances to be operated by minors.

BOLA BOWLING MACHINE BALLS

urethane moulded ball made specially for the **BOLA** machine. Yellow colour.

\$192 PER DOZEN \$16each

A HELMET SHOULD BE WORN AT ALL TIMES WHILST PRACTISING WITH THE MACHINE

"The Bola is a tremendous coaching tool. The automatic feed is a great accessory. I can talk to the boys close at hand whilst the balls are being delivered"

PAUL TEBAY - KING EDWARD VII HIGH SCHOOL, KING'S LYNN
